I feel as if my strength has been drained completely
This is an unnformed visit
So please forgive me
Is it after I received the unwanted gift
I was abandoned and I abandoned
I thought I no longer had to do anything with it anymore

Probably ...
That was a pathetic lie to hide my true intention.
... I could sacrifice my life if it is for you ...
I wonder what you were thinking when I told you the lie

When I found him in the strange city, I felt a strange yet friendly feeling...
I thought he could be my very first real friend...
But I decided to abandon you.
If I wanted to be your fr end I wouldn't have dragged you nto th s hellhole
So, Suha, you are none of my concern at all!
If I can get away from h m you w ll mean noth ng

That carr age

Mother !
Somebody, help us !
Save mother please !
What can we do ?
She will not last long with that kind of weight over her ....
It's too heavy for us to lift.
Even someone of muscles will have a hard time lifting it. I bet
Better just to run to the town and report it ...

That tree should be good enough.
Please move as de
Huh ?
What s he do ng ?

When we push this end of the tree, the carriage will be lifted.
Then, someone drag her out of there.
That sounds fun. Let's try.

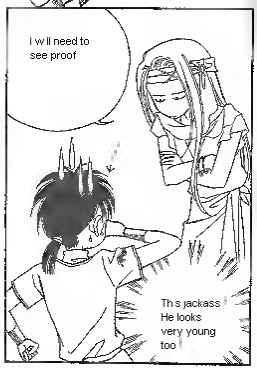
Children of wind
They are gypsies who rely on their living as wandering performers
Relatively pretty guys
Nez
And considering their clothes and equipments
Maybe they are children of wind ?
I can't really distinguish his gender are you sure that's a guy ?

Maybe, they are slavers !
Pretty slaves
Scary-looking boss
Her lover

To males
To females
I am a guy
I am a girl
Yeah, that s the idea
I am a female



I w ll need to see proof
Th s jackass ! He looks very young too !

I don't care wh ch gender you are Just carry stuff when we reach the town
Why should I ?!
It s the wandering performers!!
You already ate our food D d you not ?
Then just for a day
I am not a slave

We don't have much time! Hurry up!
God damn it I should have known when they gave me food so easily

Have you found the person yet
What a strange person
Too bad that we let her go like that
Hmm one who possess w sdom courage and s modest Someone like that s called a hero

Move the stuff for next stage
I am already on it ! Geez

I guess kids are no different even in another world

Yes father !
They are men and don't do farming but playing !
They are not playing That s their job
Job ?
You mean men don't always have to do farming?
I am sure it was very hard for them to reach such a level
Perhaps_even harder than farming
Besides when you get old they don't let you do it And you are thrown away
Wow look at that father
A tiger s dancing !

Ack
Please forg ve us
You lady and stup d burns
You don't really do any housework
We asked you at least to play with the little master And you made her cry due to boredom
I was really bored

He is just going to be doing chores, right ?
Well, there are all kind of perverts
Clean this kit and get him a new dress.

I am sure someone over there will love your gender less style, too
Making fake boobs

Enough already.
Wandering performers are often regarded as prostitutes.
!!
No way.
Why, are you from another world or something?
This is not something humans should do.
We are actually better in a sense.
If we get demoted to mere workers, we have to work all day long except for sleeping.
Being a worker sounds better! Only your body will be tired. But this ... both your mind and body will become trash!
So you are saying being a slave is better?

Do you even know what you are talking about ?!

Have you seen slaves who became disabled due to excessive workload ?!

And, when that happens, they are abandoned.
If you have seen even one, you wouldn't say this.

Bes des
We don't have to l sten to a coward who changes one s gender accord ng to situat on
Shut the ***up !

Besdes ths could be a good chance for us
Yep f we get lucky we could settle down with a r ch woman

Does this have no laws regarding child abuse?

I am sorry for
the trouble I ve
caused you

I will invite you to my house. Stay there as long as you want.
Ah, yes..., thank you.
I guess we are saved for now?
This is one of my villa.
I am the manager of th s area and at the same time I am one of the landlords
Wow what a house

The house's a little big since my family has been raising animals for business for generations.
Where have you been, darling.
Ta-ta-ta-ta
My husbands.
You are back
How how many ?
12 of them
T_,twelve ?!
Don't be surprised
Th s is a country s de. Gotta have that many to make the bus ness go on

Some often tens of husbands and hundreds of slaves f they can afford them
If my income ra ses th s year I plan to get 3 more
One of my friend has been marrying a man each year. She has 22 husbands now, but no daughter.
I have one daughter... I guess I should consider myself lucky.
You are back
She saved my l fe
He s the off cal husband Suha

Where are you taking Mune ?
Haha I am not doing anything to him So don't worry
Well, this woman seems to be the most decent I've seen so far...
Help yourself
He's going to feed him a little
Few cookes and tea only?
We, nobles_eat little for breakfast It has become a tradition

We should sell this old man.
Sis -
P..please
All he does is slack and waste food. He's not useful at all.
I was your first husband. So at least don't sell me to a slaver!
Hmm -
I married you when I was thirteen. Time sure flies fast.
Who is going to buy such an old man?
Give me some money and set him free. If he's lucky, some poor old woman will pick him up.
Thank you!
You heard her. Get out!

Men become so useless when they age.
She just threw away a grandfa.
This violates human rights !
Though she is not going to convince anyone
To me, that cow s more worthy than an old man
Hmm
I can, f I want exchange men So it s not a b g deal
You abandoned him just because he was old ! I thought marriage was about committ ng to each other and spend rest of your l fe with the other ?
Trad ng men l ke an mals s just not r ght !
Haha What are you talk'ng about?
Dangerous thoughts she has

Look at the cows.
Though they are only animals, they've a small portion of mother Gaya's blood and reproduce.
On the other hand, those bulls are useless. Though I do keep few just to be able to mate. Other than for such a purpose, they are useless.
Humans are not animals !
Gender shouldn't matter ! They should be treated equally !
Men are the same as those bulls.
Women are the closet be ngs to mother Gaya
Don't mumble such none sense statments !

Look at them
It is their food
time
See and tell me
if they are still
the same as us
This is not working
Their thoughts are
buried too deeply
into their blood
JanmeS
www.janmes.com
If I throw them
a piece of meat,
they will even
try to kill each other
just to get the meat.

As it stands now, they are not much different from the animals. Do you still insist that we are the same as them ?
Why are they so different ? It's as if the men I've met from Laharshita are as if from another world!
Unless their thoughts are changed Laharshita's goal will be meaningless

Make a line !
Food seems to be plenty. If you create order and just make a line, I think you will have your soup faster !
수근
Who ?
수근
A new guard perhaps ?
You are not animals
Hey ! I was going to take mine !
Don't ruin your value any more than it already is !

You are not a new guard?
Nope
Then don't mind us
Geez, even dogs don't like to be bothered when they are eating!
You are not dogs!
You must prove that you stand on the same ground as women!

That's enough ! What does that have to do with s proving our rank ?
Ach, don't need to listen to someone who can't understand us
We are rank 4 slave labors. We can't get any lower.
Why do you have to draw a line ?
Let's eat before the master hits us
It s created by humans So It can be broken by humans
When peope are born they were born equally
If you s mply accept your fate l ke th s you are lower ng yourself
Ranks, slavers, and nobles They are rules created by human

That s enough
The rules are
God s
Even though you ve
saved my l fe before,
I w ll have to br ng you
to just ce if you keep
do ng th s
D v d ng people nto
ranks And that s
God s nt ent on ?
No Gods do not f lter
be ngs
I bet t s those who
cla med to have translated
the God s say ngs
They were humans
Who knows what they had
planned
I w ll not take
any more of
your none sense

Can't you see that those who are ranked lower is because of their violent nature. It is a form of punishment from the God.
If you didn't save my mother's life, I would have killed you with my own hands !
Leave now !
Hell..I am not gonna stay here anyway!!
Wait for me ~
I can't bele've a person with such a dangerous thought roams around

Should we really let her go like this ?
One's voice is too small to change the whole.
If only one person's voice was enough, the world would have changed already
You sounded really smart.
But I guess it wouldn't hurt to watch over the slaves more closely for next few days
Yes s s
Though I d din't understand most of it, it sounded really good
I s mply repeated what Dan um had always told me
I d din't know I could say I ke that either

I guess I can
understnad
Danum and
Laharshita s pont
of v ew a little better
Mune -
Father -
You are
hurt
I am f ne
I heard you were
taken away by the
landlord and then
I heard the manager
set you free
Let s go home
No

I am not going to that home
She abandoned me
So I am no longer hers
Mune
I am going to join
wandering
performers
I am sorry father
I see
I see
I thought
you might say
that
Here is some
food I hope it will
help you a bit

Be careful and be happy
I guess he had his reasons for selling him to the performers
I guess I didn't think by head. I should have known
It's not like I can take care of him forever. So, I shouldn't say anything anymore.
I will take you to them.
Should be easy if we track the carriage wheels.

Are you a one of the performers ?
Nay
I have a destnat on after I take you to them
Why ?
I just thought that there could be a n ce woman
You were the very f rst one who was k nd to me and let me call you s s

Kids deserve to be loved and respected.
I've never heard of that
I hear drums They must be nearby
Yes go now
I th nk they w ll welcome you

Now let s go to the summer palace
Del Hajaru is south of here I was told
South
S s
S s Suha
Wh ch way is south?
They are go ng to Del Hajaru too
Come with us

Where the summer palace s ?
I heard there is go ng to be a fest val
Eh ?
Really, Neiz ?
IS THIS CARRIAGE GOING THERE ?!
Ah ? Yeah ... there s go ng to be a fest val soon We are go ng to perform there

Hey...
Clean the horses and change the r water
I can finally meet Ganesha
yes --

Good
That s the sp rit
We rd
Does she have

there or someth ng?
탁

Eek !
Ah
Ne z bro s

A blade
Watch your fingers
It s pretty sharp
B bro your nstrument and th s blade
Even men needs someth ng to defend themselves
Just don't tell anyone okay ?

Then
I guess you know
how to use a
sword
A little
Would you
would you
teach me ?
Sure
Any other
tasks ?
If I can have
some spare t me
in near future
Done for today
Go eat your meal
with the slaves

How can you provide such disgusting food ?!
You bastards !
They are labor slaves after all. We can't afford them nice food.
But you guys wasn't as bad as the rs !
Of course, not We are d fferent from them
Those who do not posses ntell gence and beauty w ll end up be ng labor slaves And no one n r ght m nd would g ve them breads
What ?
We are wander ng peroformers Remeber that We are not charity

How can you say that especially yourself is a man?
The same to you
Why do you have such thoughts as a female ?
I don't know.
Sigh, people of this world
And this whole world s so
I wonder Mune wanted to come after know ng truth
Being a wandering performer has certain adventages

If one can manage to learn skills and become an approved performer, one can be free slave and can earn money for oneself.
Mune has got the look So all he has to do s learn
You are a free slave?
Why are you so surpr sed ? D dn't you feel I was be ng treated d fferently?
That s because I thought you were the madam's lover
Free slave By law they cannot be sold or traded Generally few of noble sons become free slaves in order to escape from slavery legally
Do you ever listen carefully ? I am a performer. I earned the rank, free slave, by skills.
I thought free slaves are those men from noble family ....
Why would I wander around like this if I were from a noble family?
.... Are you from a noble family ?

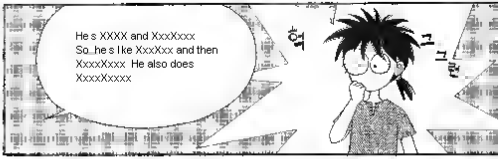
Even if one s a man if one excels n one f eld they can be promosted to a free slave It s legal
Yeah ?
In another word It s like be ng recogn zed as human treature
Eh.. well anyway th s guy must be good to be recogn zed at such a young age
I don't know what kind of family I had.
Because I don't have any memories before 12 years old.
.... I don't know why. But they found me at bottom of a cliff, covered by blood.
When I woke up, all I could remember was my name. And I eventually joned the team
The clothes I was wear ng were pretty n ce. I was told So I guess my fam ly m ght have been noble

So, if you became a performer at 12 years old, then it took you 5 years to become a human treasure.
Human what ?
Ah, free slave, I mean.
It took you 5 years. You must be a genius.
Not really.
I earned the rank about one and half year ago. So, it took me 3 years and half.
So, I am not a genius, but ultra super genius or something like that.
Anything else you wanna say?
zzz
This dork He's not backing off
Yeah yeah Mr ultra super genius why do you insist staying with this group ?
Wouldn't you feel better to act freely ?

A free slave is still a slave. If I wandrered alone there would have been a good chance that I would have been killed on road.
...The slaves here, including me, have their share of complaints. But there is no other way. If we struggle, it will only get worse.
By having a woman leader, we will at least be safe from other women trying to harass us. We are being restricted. But it's not that right this way.
So a woman leader is a must?
I hate to say but yes
I bet it is the same for the royal concubine Ganega
Ganesha ?!

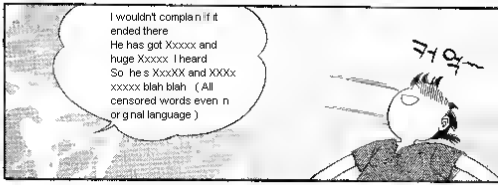
You know Ganesha ?
Everyone knows Ganesha in th s empre

Can you tell me everyth ng you know about h m ?
Well it wouldn't hurt
Accord ng to the rumors I heard about h m



He s XXXX and XxxXxxx
So..he s Ike XxxXxx and then XxxxXxxx He also does XxxxXxxxx
헉
그 그런

Not only that..he s into XxxxX and XxXXXx
So he s XxXXXXxx and XxXXxx So, I heard



I wouldn't compla n if it ended there
He has got Xxxxx and huge Xxxxx I heard
So he s XxxXX and XXXx xxxxx blah blah (All censored words even n or g nal language)
꺄악~

How iron c
The emperor has a tendency of over hate men Then her most beloved possess on s a man
Ganesha you better take care of your own mage
Maybe the rumors are true Maybe he s ndeed the best in bed
You don't know anything Ganesha has strange charm That s why
Rumor s only rumor
You act as if you know him.
N, no .

You know_ you are very susp c ous
Say ng we rd stuff and all At f rst I thought you were n Laharshita
Are you the emperor s spy ?
I expla ned to you already that I knew the city manager
It s we rd how you were freed from the landlord
Wait Th s guy betrayed me and Mune
Come on Tell me the truth I won't report you to Laharshita
I am tell ng you I am not
So let s h de the fact that I saved the manager
Though I asked_ I am not interested n your dentity at all
Th s jerk
You better get sleep so that you w ll get up n t me for breakfast
Ganesha
F ne f ne

Ganesha
even though everyone
says you are blessed
and have wonderful life
It s not really
wonderful isn't it
I bet you wanted to
run away from time to time
Maybe that s why you
are like that

Your facial emotions...
It's as if you are dead inside.
So, I will save you
I guess saving you won't help in any way to liberate men. But I will liberate you at least
Even if it means taking you to my world

What s th s place ?
Why am I here?
Ah I was looking for
someth ng

There you are
Halt !

You've lost
your right to
approach 'this'.
Be gone !

Who ...?
Who are you ?!

She s heading to Del Hajaru ?
Not to here but to Del Hajaru ?

That cunning bastard ! He is moving toward Ganesha !
So, he wasn't kidnapped. He ran away intentinally !
God damn it !
Calm down

The more you get angry, the more guilty I feel. It was me who suggest taking him after all.
It s not your fault It s h s After all that b g talk about g v ng us a hand and all that ly ng bastard
He d sappeared at the Ashudam run
Where we managed to track h m and then was n Ku charu reg on No one can get there n few days by normal means from the run

What we do know for certa n s that the wander ng performers have noth ng to do with th s event
And he s follow ng them w llingly
If a 3rd party planned to get h m separate from us
t could be that the performers are involved un ntent onally and of course without real zng
If so then they nclud ng Suha are n great danger

it s poss ble that he left ntent onally to meet Ganeha
And then it s also poss ble that he became scared after the f ght and ran away
Don't be ridiculous, Danium!
Our information network may be as good as the imperial's but we did not see the attack coming in advance!
it s also poss ble that there was another force that want to k dnap h m
Laharshita s nformat on network s as good as the mper al s
So it s very poss ble that there s a 3rd party that s even better than the emp re and us

And f they are an enemy to us then it can prove crt al to us
It doesn't matter what Suha s ntent on was
If he s go ng to be used aga nst us then we need to k ll h m
I am sure you know that and that s why you are try ng to d sapprove of the dea of m ne

We don't know for certain yet
That fool. Circumstance is not a word she can ever consider
What I do know for sure at the moment is that he is heading to Ganesha
And, following sir Yusaf's order, I must chase him.
Or is there a reason why she insists to have trust in Ganesha?
Hey, I haven't seen them before

They were about to be sold over to Estran.
We raided their black market and rescued them.
Black market ?!

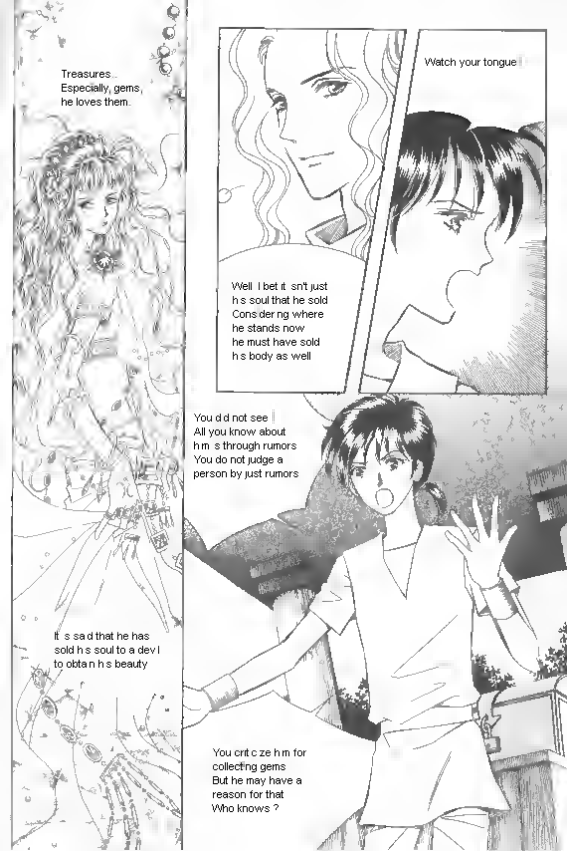
Black market
They treat men as t objects

Come to think of it.
I do have a bad memrory of the slave market
Ahah

You guys are someth ng Ra ded a slave market huh It must cost pretty a lot to ma nta n that many slaves
You fool ! We d dn't ra d a slave market We ra ded a black market !
Who are you calling fool ?!
No one sells slaves to export on slave markets
What f I don't ?
I
Don't tell me you d dn't know ?
Damn it ! I've told you this repeatedly ! Would you PLEASE listen carefully for just once ?!
I remmeber now !
It is legally to export slaves, Suha

Why ?
Para empire is the only country that regards all men as slaves
Even so, they don't want to hand over their males to another
It has got to do with pride, I guess.
Ah.., so, it's like "They are ours So, no one gets them."
Well, if you put it that way, yes.
But Males of para empire s known for their beauty So demand s pretty high
And that leads higher prices than it does in the empire So some try to export them
If we didn't save those in time they would have been exported and spend most of their life prostituting

In exchange of these rocks that you can't even eat
Some of those are probably for your Ganesha
What ?
Really ... those are worthless.
Recent ncrease of black markets and upcom ng Ganesha s b rthday are related, I am say ng
Why ? How can you be sure?
Everyone in the empire knows how greedy he is.



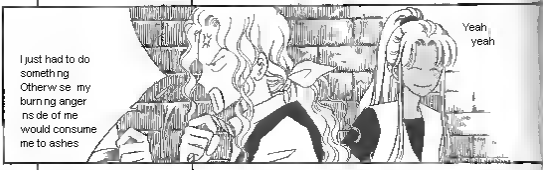
Treasures..
Especially, gems,
he loves them.
It's said that he has
sold his soul to a devil
to obtain his beauty
Well I bet it isn't just
his soul that he sold
Considering where
he stands now
he must have sold
his body as well
Watch your tongue!
You did not see
All you know about
him is through rumors
You do not judge a
person by just rumors
You cnt criticize him for
collecting gems
But he may have a
reason for that
Who knows ?

And what is wrong with trying to hold onto his position?
What is wrong with trying to live a better life ?
it is only human nature to have wealth !
Human nature.. you say ?
There s one
Snce it s human nature.. why don't you take it and run ?
No one w ll know that one s m ss ng
Yeah.. I sa d that" Now what

You thought I am that low ?
You d th nk I d run away with just one necklace ?
I am d sappo nted n you Dan um
Ahah my apolog es I d dn't know
Here s another That makes two Is that enough ?
Hey !
I am angry at Gods for g v ng beauty and wealth to such a worthless human be ng
But I am more angry at you for your cluess trust
Just say that you are jealous of Ganesha !

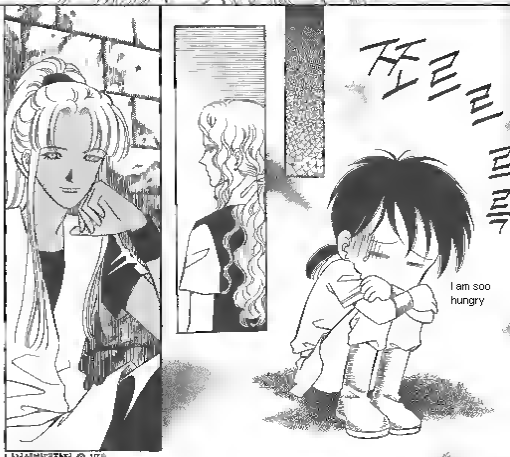
Take my advice and forget about him. He will never come back to you no matter how long you wait.
He abandoned you..
Liarrrrr ! I am not gonna believe your words !
So Ganesha left without good bye B.g deal
That fool ! She really has no idea what Ganesha has done to her !
Besides, he's never know that that's a girl.
If that's found in the summer palace, it will be the most dangerous moment of the event.

You literally had been bullying him But I guess you do worry about him
Like hell, I do ! Hmmph !
But I do worry that he d leak informat on about us and get us in troubles
He s careless and bra nless He has to know c rcumstances of h s act ons hard way We w ll teach h m once we catch h m
You do know that we can't use the fly ng dragons unt l it s morn ng
So you are do ng that to catch h m? At th s hour ?



I just had to do
someth ng
Otherw se my
burn ng anger
ns de of me
would consume
me to ashes
Yeah
yeah

Anyway,
all I can do now
is follow sir
Yusaid's order.
She can probably never
meet him by herself.
Though I doubt that
Ganesha will protect
her !



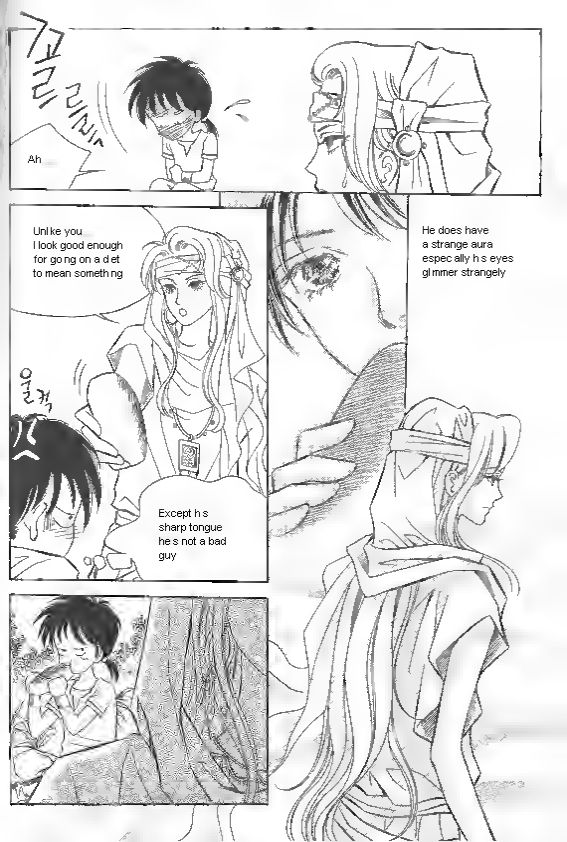
꼬르르르
I am soo
hungry

Hey, fool!
What are you
go ng over there!
Dan um ?!
How d d you
f nd me ?
Do you have
any dea what
kind of hardsh p
I went through
to f nd you ?!
That should have
been my l ne!!
Because you threw
me away. I had to
go though a lot of
troubles!!
Stop
mumbling
ridiculous
sentences
and follow
me.
Damn it ...
I am too exhausted
to even shout ....

Just a little more.
Wow, giant grapes!
Here I come
Hey come back
Those are

Ack!
No way
Hehe fool
What ... the ... what kind of dream was that...
I am so hungry

You share Ne'z
But I don't th nk I can eat the slave s soup
I'd rather not eat
Ah ..., I am fine. I am not hungry.



Ah
Unlike you
I look good enough
for going on a date
to mean something
He does have
a strange aura
especially his eyes
glimmer strangely
Except his
sharp tongue
he's not a bad
guy

We are n Del Hajaru
Let s see outs de
Yeah ?
Del Hajaru s
a city made to
support the summer
palace
About one hundred
years ago the emperor
of the t me constructed
a palace on a spot where
its weather s the n cest
for her weak daughter
After her generat on s
over th s palace has
been used as if a v lla
The prev ous emperor
stayed here literally
always I heard
I've come th s far
Now how am I gonnna get nto
the palace ?

Are you going to leave right away?
It s not l ke I can get there n few hours So_I should hurry
Bes des It was the majesty s order as well
General why don't you just get a v lla at Del Hajaru ? Even low rank ng nobles try to get one there

Why should I ? The emperor should return to the capital soon
Still ...
The former emperor literally lived here So just n case

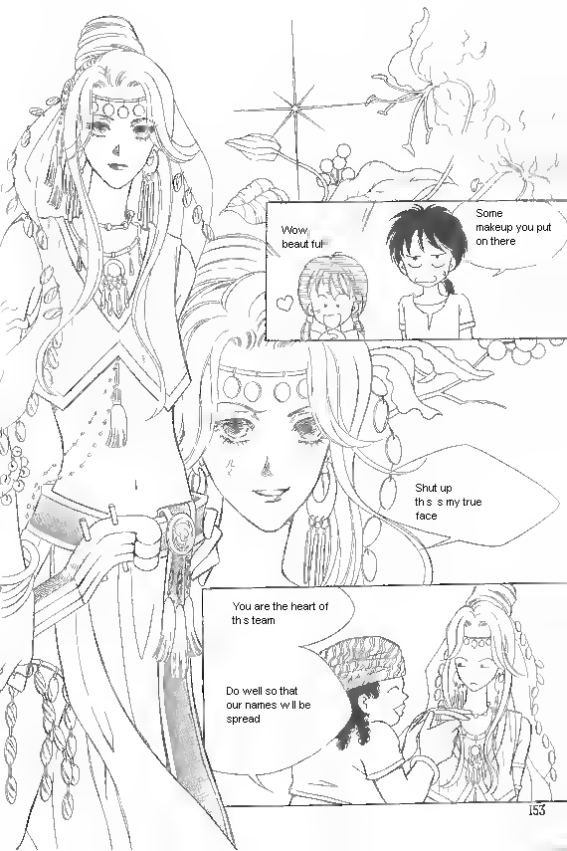
Are you going to take Edni as your partner to the party ?

No.
That's too bad. Ganesha will be there. With Ednil, the two famous beauties would gather in one place.
Who was it ?
His presence was simply too strong to just consider him as a part of the dream

He looked identical to Yuisad. But it wasn't him.
I don't know why. But I am positive that it wasn't him.
Sir. the emperor s waiting for you
I th nk you should hurry
If the dream was synchron-zat on between my soul and Suha s then he must exist n real as well

... Perhaps... ,
he's a brother
of Yusaid.
Hmmph
yet another brother
to cons der huh
Fireworks!
Awesome!
I've never seen it
that big!

I was told that this is one of few days that men are also allowed to drink and dance in publ c
Are you ready, Ne z ?
Yes



Wow, beaut ful
Some makeup you put on there
Shut up th s s my true face
You are the heart of th s team
Do well so that our names w ll be spread

You can dance in front of the emperor.
I envy you, Neiz.
I heard it's so hard to get the approval. But you passed so simply with just eyes.
The summer palace...
I so want to see the palace.
I won't bother you. Just let me tag along, Neiz.
I want to go, too !

Yes, I have to meet someone
Absurd.
You can't just walk in and out as you please. It's the royal palace we are talking about here. Only authorized people may enter. We were authorized to have three people in the palace.
Let's us go, too, then.
So, this is the reason you came here?
I don't see why not
But Nezit could run the whole thing for us. They strictly told us to bring only three
I will talk to the guards
I think we need a mindless slave to carry our stuff anyway
As long as I can get in

Let's see . .
We allowed you to have three people But I see four
Well . . .
Okay, here it is.
You must be m staken We were author zed to have four people
Do you th nk I am bl nd ? See r ght here !
I sa d you were m staken
—!
It s four It s wr tten wrong
Don't you th nk so ?

Is s that so I see
Yes
Hey s someth ng wrong ?
N_noth ng I was just m staken
Take them now

Thanks
Ne z
Well
Let s see how
much longer
that m nd of yours
lasts
Huh ?
What does that mean ?
What a we rdo

The summer palace ...
Ganeha s here somewhere
When he f nds out that I came all th s way just to see h m
I wonder what k nd of face he w ll make

I hope Ne z
w ll do well
If successful
we could become
a regular
Ma am..
brother Ne z wanted
me to g ve you th s
o?

Pack our stuff and prepare to leave !
Yes ?
We must leave Del Hajaru at once !
Neiz, you ... !!
No, no ! We must leave this country at once ! If you don't want to die, hurry !
Eh ? What about brother Neiz and the others?
Just shut up and get in !

We must hurry !
Neiz, you fool !
Maybe, I should disband this team and stay low.
What s go ng on ?
D d someth ng happen to Ne z and the others?
Damn it, Ne'z f you want to go down go down alone

Hmm, that's some beauty over there.
I don't know how beautiful Edni is But he might be on par with him
Especially those mythic eyes

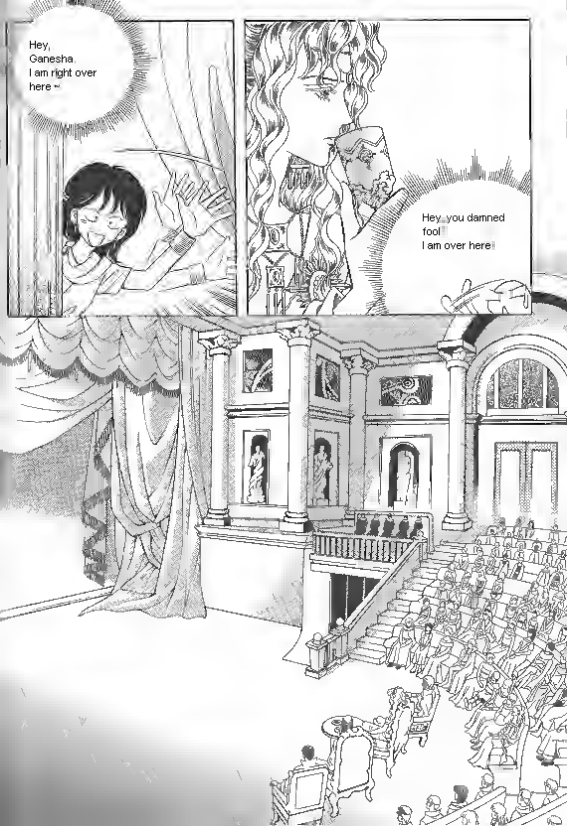
Both men and women are looking at you.
I didn't know you looked that good.
Didn't you say it was due to my makeup?
Ah haha it was a joke Cheap alcohol can never be wine anyway
Hmmph Better realize that you have good skin and shining dark hair
Janime
www.janimes.com

You look good too
I bet some men w ll love your genderless appearance
R really ?
You are always worth to make fun of
Neiz !
Anyway ... you mumbled Ganesha wh le asleep So you do know h m don't you?
N no way
A woman who knows Ganesha
I don't know f that w ll save you or k ll you

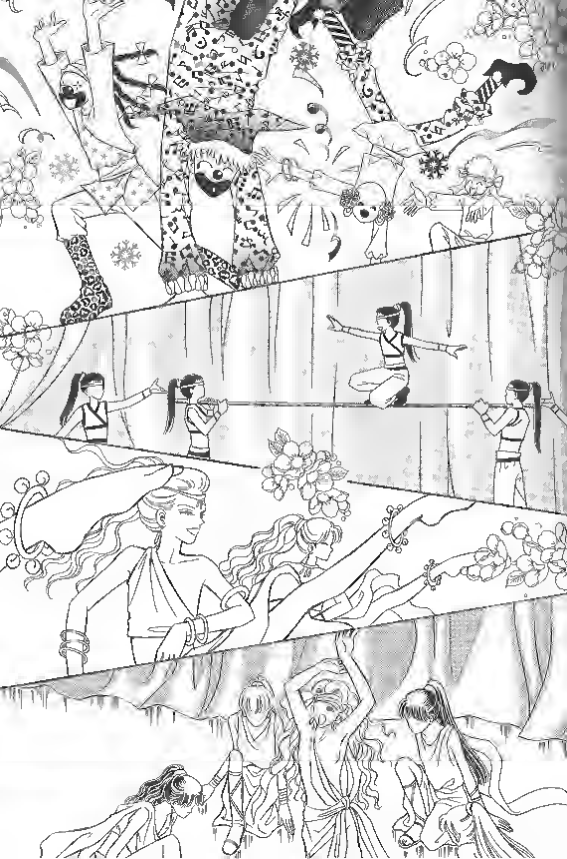
Ths s a tara made of hgh quality pearls harvested from deep sea
Next -

Frada
you take the
g fts for me
Yes s re
Th s party s
for you
It s t me to
eat and enjoy

Now let s have your
b rthday toast!
It s
Ganesha!



Hey,
Ganesha.
I am right over
here ~
Hey...you damned
fool!
I am over here!



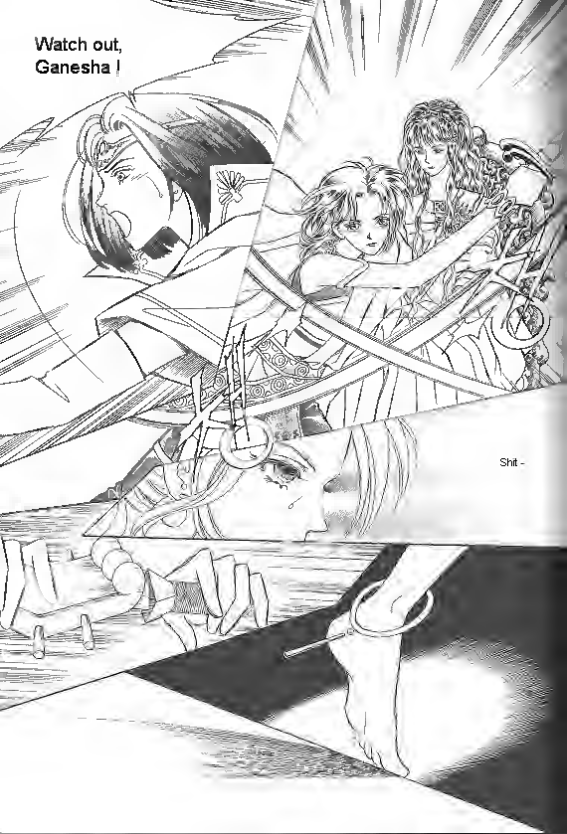
I loved the scent of blood from hunting sights. But the scent of dancers over there isn't so bad, either.
Of course I love your scent the most I was just
Hey, Ganesha can you dance like them by the way?
Sire..do you sincerely want me to strip and dance like them in front of all these women?
You are so mean sire
I was just joking around You know, you tend to be a little old fashioned
That bitch
I cannot believe an emperor is trying to earn points for a mere concubine
I am sure other factions are going to bring up this soon

I see that the rumors were true The emperor does lower herself to a mere concub ne
I hear she has h m by herself almost every second
Though I see why she s do ng so though I mean look at h m
Is it just me who s enjoy ng?
Forget about your dut es and enjoy today
Neiz, you are next.

Oh he's my type
Sngle

I've been waiting for this moment
I don't care whether she gets the good food or not
But she killed my people just for few moments of pleasure

On my seventh step..the h story w ll change
My target is the emperor's only weakness !



Watch out, Ganesha !
Shit -

Sire !

Sire !
Capture him !

Where are the royal guards ?!
Call a royal doctor The emperor s wounded!!
Sire, your wound
Put him in the Naraka ! I will deal with him personally.
Seize every performers in and outside of the palace!
There is also a possibility that an ns der helped h m !

There could be more. You should find a safer place to stay.
탁
Though your act on was not for my sake I should thank you
So you knew

If I d dn't protect you
the emperor would have
and would have regarded
her safety
Amantium
sword.
It cuts even steels
like paper
It must have
taken years
to plan this
They allowed
an assass n and
with a weapon
Arrest those n charge
at once
She could have
evaded the f rst
attack but the
second attack
would have been
vital

Ga
Sr
we shall escort you

아니오
Please call one of my servants I seem to feel dizzy
I shall
No
We understand
Don't you know ?
Many guards were executed because they were a little friendly with him.
Oh, yeah .. I forgot.

Ganesha...
...Why have you come ?

What are you
Stay still

Listen I just cast an invisibility spell on you But it won't last long
As long as you do not make sound nobody will realize your presence
Eh ?

Don't make sound, I said ! Until I say it's safe, do not speak at all. Do you understand?
O..okay
Sr
Please lean to me. Are you alright ?
..Uh ? That person really can't see me ?
